Villa Sparina

Monterotondo
Gavi del Comune di Gavi
DOCG

REGION
Piemonte

VARIETY
Cortese. Historical single-vineyard located in the Municipality of Gavi. Average age of the vines: approximately 40 years.

Exposure and altitude: Mainly South, South-West; 310-350 m a.s.l (1017 – 1148 feet)

Soil composition: Clay and marl.

Cultivation method: Guyot, 4200 vines per hectare.

Harvest: Hand-harvest at the end of September or beginning of October. The grapes are harvested separately and brought to the cellar in small crates.

TASTING NOTES
Lots of stone and mineral character with an undercurrent of ripe lemon and peaches. Medium to full body, layered and flavorful. Lovely rich texture, great personality.
