EARTH

WINE ETHICS IS THAT
OF THE LAND AND THE
TERRITORY.

EACH LAND HAS ITS OWN WINE
AND IS INTIMATELY BONDED TO
ITS GRAPE VARIETIES. WE LOVE
NATIVE GRAPE VARIETIES, GROWN
WITH NO STRAIN, RESPECTING SOIL
BIODIVERSITY AND THE DYNAMIC
BALANCE OF THE DIFFERENT
ELEMENTS OF THE TERROIR. THE
SUN, THE RAIN, THE WIND: THEY
ARE INSIDE THE BOTTLES SELECTED
BY ETHICA WINES.

HEART

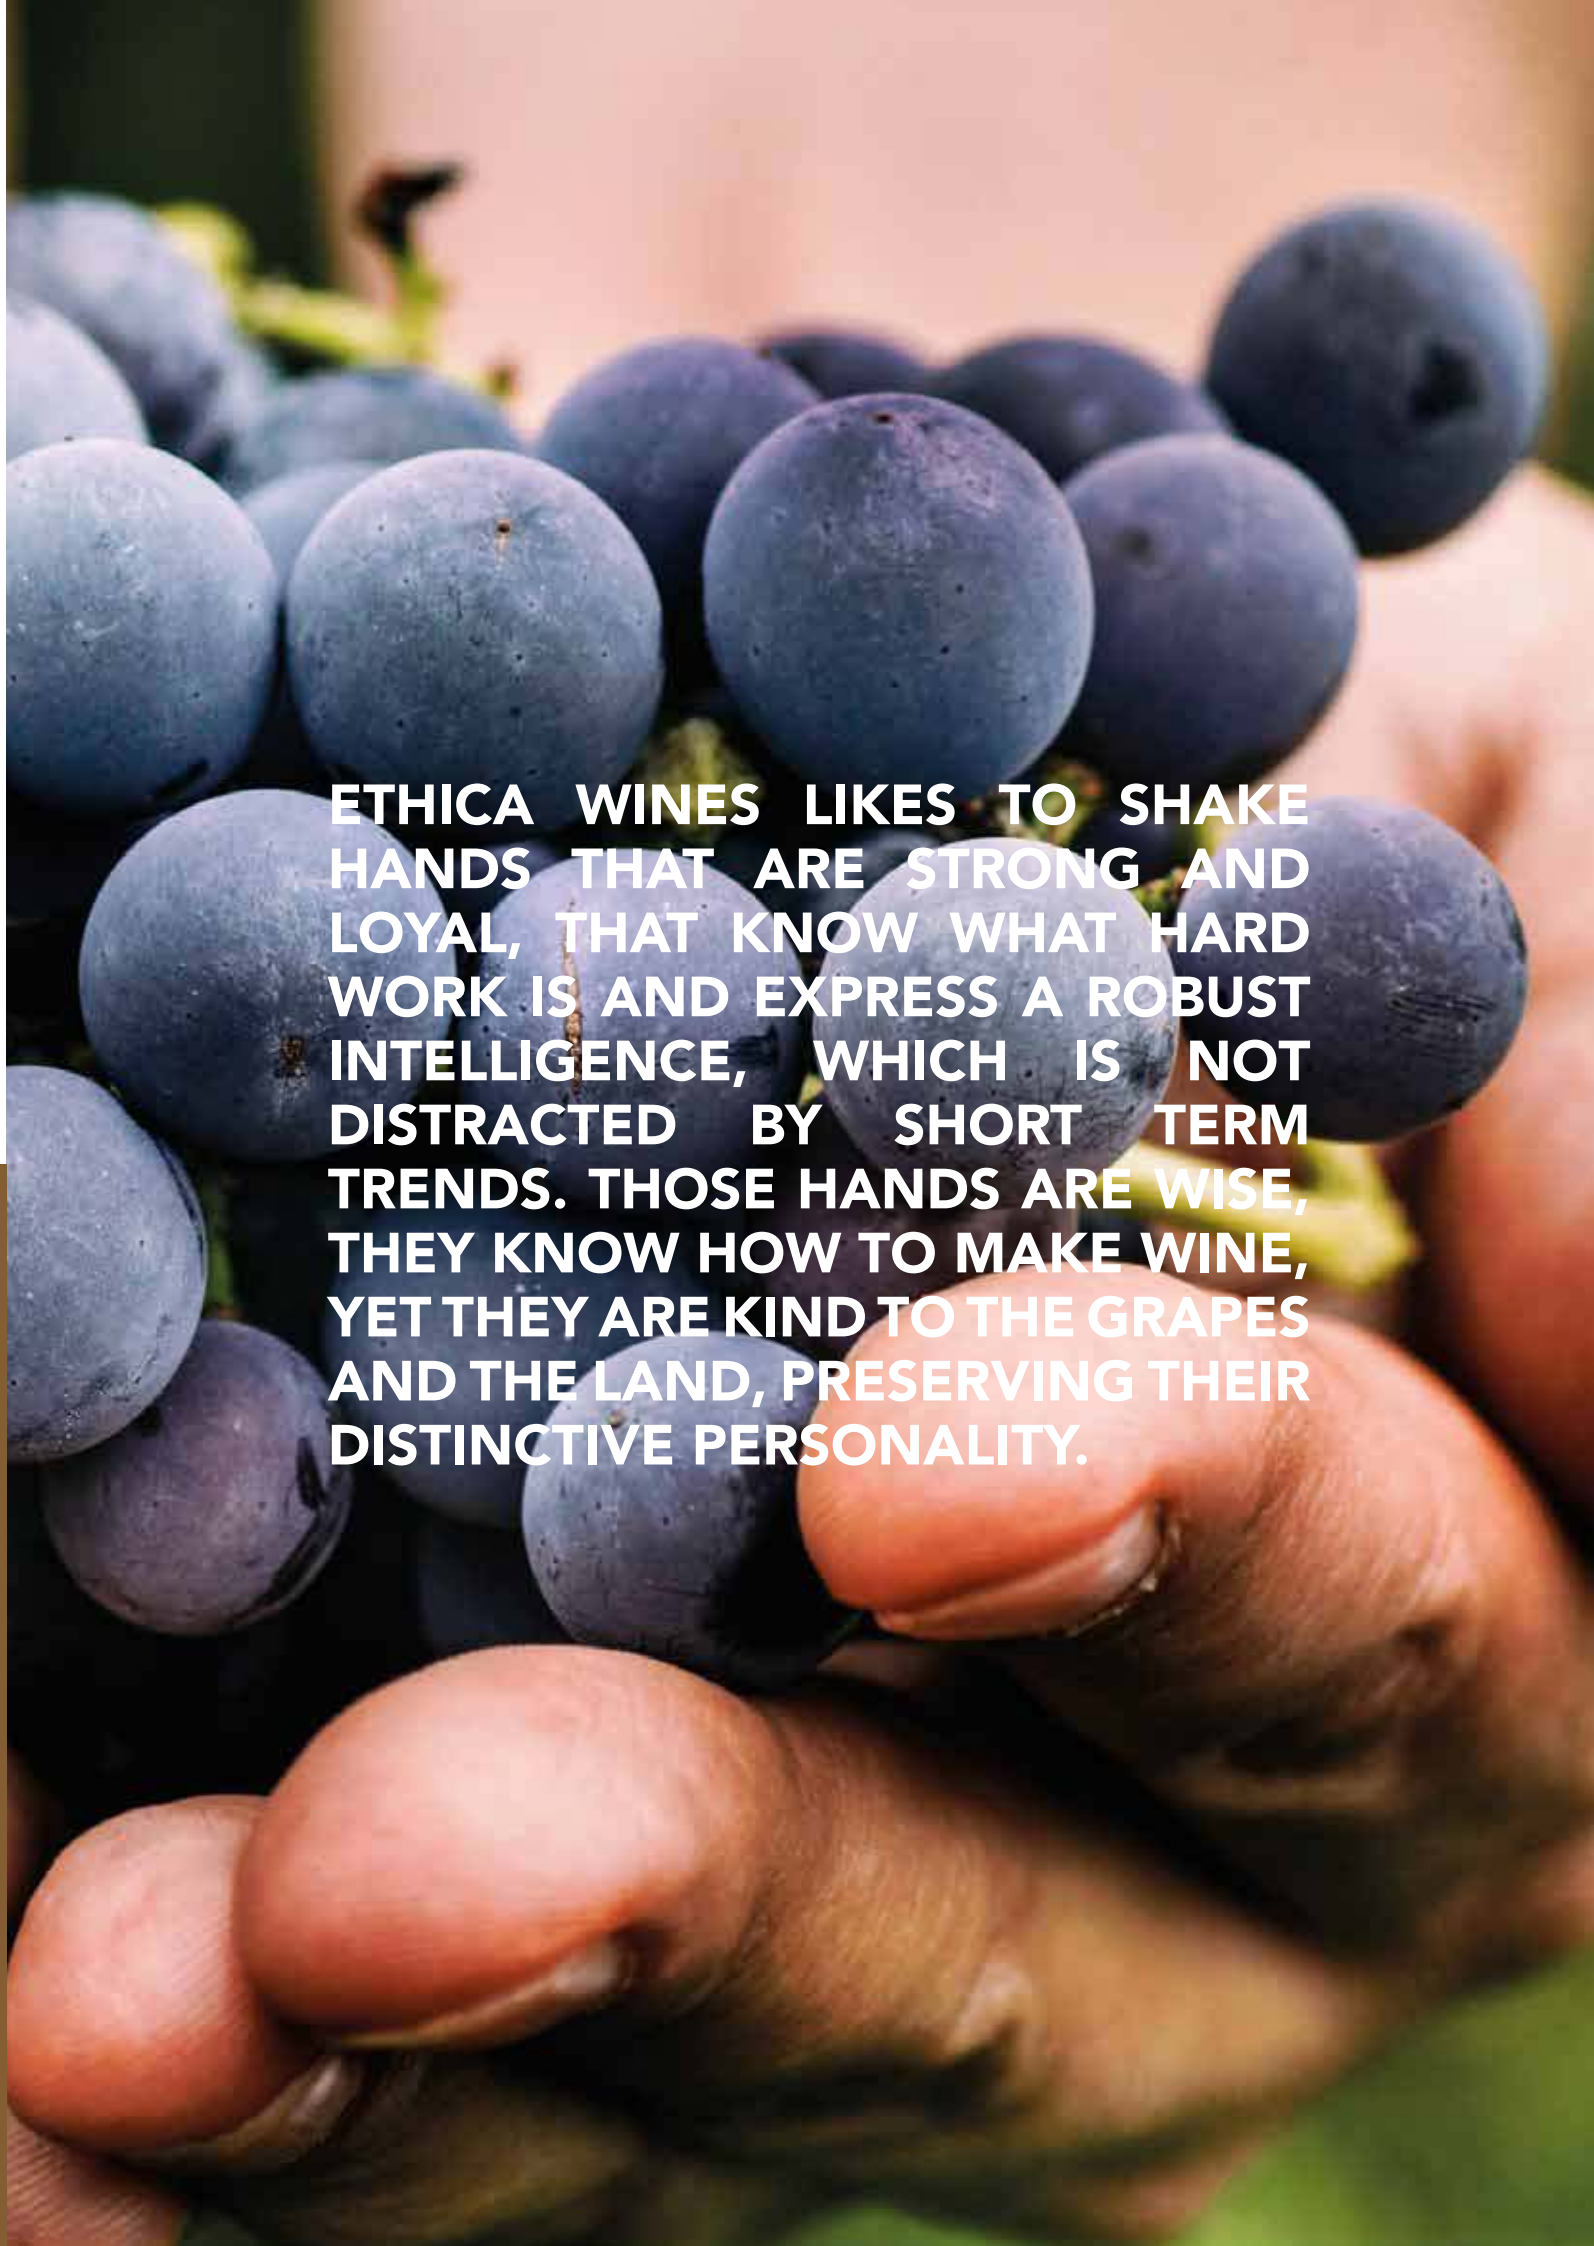

WINE ETHICS IS THAT OF PASSION, AND IS AN UNCOMPROMISING ONE BECAUSE OUR HEART TAKES THE HARD LINE.

IT IS DEDICATION AND GENEROSITY. IT IS THE PLEASURE OF DOING WHAT YOU DECIDED TO DO, DOING IT BETTER AND BETTER, RESPECTING YOUR OWN HISTORY, WHICH IS ALWAYS THE HISTORY OF A FAMILY, OF THEIR FEELINGS AND THEIR INEXTRICABLE BONDS. THAT KIND OF PASSION FOSTERS UNINTERRUPTED RESEARCH IN OENOLOGY AND AGRONOMY, AND SETS OUT, BEYOND INNOVATION AND CREATIVITY, THE CORE PERSONALITY OF A MODERN LABEL.

HANDS

WINE ETHICS IS WORK ETHICS. IT IS WHEN YOU WANT TO DO SOMETHING RIGHT AND YOU KNOW HOW TO DO IT.

ETHICA WINES LIKES TO SHAKE HANDS THAT ARE STRONG AND LOYAL, THAT KNOW WHAT HARD WORK IS AND EXPRESS A ROBUST INTELLIGENCE, WHICH IS NOT DISTRACTED BY SHORT TERM TRENDS. THOSE HANDS ARE WISE, THEY KNOW HOW TO MAKE WINE, YET THEY ARE KIND TO THE GRAPES AND THE LAND, PRESERVING THEIR DISTINCTIVE PERSONALITY.

WHO WE ARE

Ethica Wines proudly represents a selection of wineries which share the same family values; each winery is deeply rooted in its terroir and has a strong identity, which Ethica Wines is committed to nurturing and communicating.

The relationship between Ethica Wines and its wineries is symbiotic: the wineries provide wines of authentic origin and Ethica Wines provides the commercial platform to approach the market.

OUR MISSION

To build brands that people love.

- | **Artfully** with a passion for premium winemaking and high quality standards.
- | **Cleverly** through innovation and marketing to help grow our partners' business.
- | **Responsibly** by caring for people and the communities in which we live and work.

OUR CORE VALUES

| People

Each person's contribution makes a difference: talent, enthusiasm, collaboration.

| Quality

We provide our customers with the highest level of quality and service.

| Entrepreneurship

Think like a shareholder: passion and open-mindedness.

| Customer Focus

We strive to understand and meet the needs of both our customers and consumers.

| Integrity

We consistently and transparently practice high ethical standards in everything we do.

OUR STRATEGIC GOALS

To define what each company must do to achieve profitable and sustainable growth:

- | To build brands to grow revenue faster than the market rate
- | To apply rigorous financial discipline
- | To build the best organisation

1. VAL D'AOSTA

La Kiuva

la kiuva

THE LA KIUVA COOPERATIVE WAS
FOUNDED IN 1975 IN THE VAL
D'AOSTA, THE SMALLEST ITALIAN
REGION, NESTLED IN THE ALPS TO
THE NORTH-WEST OF THE ITALIAN
PENINSULA, BORDERING WITH
FRANCE AND SWITZERLAND.

la kiuva

- 60 growers, 15 hectares (62 acres) of vines
- All the vineyards are located between 380 and 500 m above sea level (1300 - 1650 feet)
- Soil: sandy and alkaline
- Cultivation method: Guyot and Pergola, on sandy glacier-crafted terraces
- Alpine climate: wide temperature variations between day and night increase the acidity and freshness of the grapes
- A boutique cooperative which produces only 6000 cases/year
- Right at the heart of the Alps, in the small and beautiful village of Arnad
- La Kiuva is committed to giving value to the terroir and the indigenous grape variety (Nebbiolo, known as Picotendro). Members were encouraged to take over old, abandoned vineyards in the best areas in order to produce authentic and sustainable wines.

THE CORDERO DI MONTEZEMOLO FAMILY HAS DEEP ROOTS IN THE HISTORY OF PIEMONTE. SINCE 1340, 19 GENERATIONS HAVE MANAGED THE MONFALLETTO ESTATE IN THE TOWN OF LA MORRA, THE CENTRE OF THE BAROLO WINE DISTRICT.

- 29 hectares (70 acres) of historical, single-body vineyard
- Elevation: around 300 m above sea level (1000 feet)
- Soil: complex and rich in clay
- Efficient and sustainable cultivation techniques: Cordero received the UNESCO World Heritage Certificate for providing a wonderful example of integrated architecture where ancient structures blend harmoniously with innovative restoration works
- Characteristic cool and moderate climate, typical of the Langhe area
- The whole estate and especially the Monfalletto Cru are world-renowned for the production of wines of unique elegance and finesse
- Age-worthy Barolos that slowly and continuously evolve in the bottle
- Barolo vintage collection and large formats available
- Great whites: age-worthy, complex Chardonnay and fresh Arneis.

FONTANABIANCA®

FONTANABIANCA IS A FAMILY-OWNED WINERY IN THE MUNICIPALITY OF NEIVE, A UNESCO WORLD HERITAGE SITE.

WINE HAS BEEN A FAMILY BUSINESS SINCE 1969 AND THIS IS NOW THE THIRD GENERATION OF WINEMAKERS.

FONTANABIANCA®

- 15 hectares (35 acres) cultivated with Nebbiolo and Arneis grapes
- Elevation: around 300 m above sea level (1000 feet)
- Soil: rich in clay and limestone
- Recently renovated winery equipped with state-of-the-art technology
- Slightly maritime climate: warmer, drier and milder than its neighbour Barolo
- Two generations working together: Aldo (the father) and Matteo (his son), are both wine makers and take care of the entire production
- Elegant and classic Barbaresco, pure expression of the terroir
- Fontanabianca owns the majority of the prestigious Bordini Cru (one of the top Crus in the Barbaresco region).

OTTOSOLDI

OTTOSOLDI, LITERALLY "EIGHT PENNIES", IS A NICHE PRODUCER FROM PIEMONTE, LOCATED IN THE MUNICIPALITY OF SERRAVALLE SCRIVIA, PART OF THE GAVI DOCG PRODUCTION ZONE.

OTTOSOLDI

- 8 hectares (20 acres) of vineyards, currently in organic transition
- Elevation: between 250 and 300 m above sea level (800 - 950 feet)
- Soil: rich in clay and limestone
- Climate: this hilly area of Southern Piemonte, close to the Ligurian border, benefits from the mild Mediterranean Sea influence
- The winery represents the heritage of the owner's grandfather, who purchased the first piece of land for a mere eight pennies, giving life to a new wine-making tradition
- Elegant and well-balanced Gavi, the perfect expression of the Cortese grape
- Boutique winery, total production of 5000 cases.

SCAGLIOLA
SANSI

THE SCAGLIOLA FAMILY HAS BEEN
GROWING GRAPES AND MAKING
WINE FOR 4 GENERATIONS.

- 35 hectares (85 acres) of vineyard
- Vineyards ranging from 350 to 400 m above sea level (1100 - 1300 feet) in elevation
- Soil: sand, marble and limestone
- Climate: warm and temperate
- Located on the top of the San Siro hill, in Calosso
- A quality philosophy: healthy grape-growing techniques and low yields per hectare
- Quality Moscato has always been the winery's primary focus
- Great Barbera collection: a celebration of indigenous grape from Piemonte.

**CANTINA LAVIS IS AN HISTORICAL
WINERY LOCATED AT THE HEART
OF THE TRENTINO REGION.
FOUNDED IN 1850 BY THE
CEMBRAN FAMILY, IT HAS BEEN
A COOPERATIVE SINCE 1948.**

- A collective heritage of winemaking that unites over 800 growers
- More than 800 hectares (1950 acres) of vineyards
- Soil rich in minerals: sandstone deposits and Dolomites rocks
- Moderate cool climate: hills located at the foot of the Alps
- Vineyards planted on steep hills, as high as 800 m above sea level (2600 feet)
- Traditional cultivation method and hand-harvesting
- Pioneer of the Quality and Zoning project that enhanced the importance of “the right vine in the right place”, encouraging the cultivation of both traditional and international grape varieties
- Quality, territoriality and eco-sustainability to achieve authentic wines unmatched in their price class.

CEMBRA▲
cantina di montagna

**CEMBRA CANTINA DI MONTAGNA
WAS FOUNDED IN 1952. IT IS THE
HIGHEST WINERY IN THE TRENTINO
REGION AND AMONG THE HIGHEST
ALTITUDE WINERIES IN EUROPE.**

CEMBRA▲ cantina di montagna

- 400 producers passionately dedicated to heroic grape growing on the hard-to-reach terraces that are typical of the valley, 300 hectares (740 acres)
- Among the highest producers in Europe: vineyards are located at an elevation of 550 to 850 m above sea level (1800 - 2800 feet)
- Specific soil composition: the porphyry (the "red gold" of the valley) is responsible for the flavour and persistence typical of Cembra wines
- Alpine climate, extreme temperature ranges, and excellent sun exposure
- Part of the La-Vis Group and of the 1980s Zoning Project
- High-end, quality wines from indigenous and international varieties.

ORO
ROSSO

ORO ROSSO IS AN EXCELLENT
SPARKLING COLLECTION PRODUCED
ON THE HIGHEST HILLS OF VAL DI
CEMBRA, IN TRENTINO.

ORO ROSSO

- Remarkable vineyard elevation: 500 - 600 m above sea level (1650 - 1950 feet)
- Historical Traditional Method production area (bottle fermentation)
- Soil: high presence of porphyry, the "red gold" of this territory, responsible for the typical persistence and minerality
- Elegant aromas, well-defined full body and dense perlage
- TRENTO DOC is a strong denomination that distinguishes the best "mountain sparkling wines". The altitude of the vineyards contributes to the acidity of the grapes; the fluctuation in temperature is a key factor for the wines' overall quality and elegant bouquet.

THE HEART OF PROSECCO DOCG
PRODUCTION.

- Traditional production methods: the owners Christian and Marika look back at how their grandfather used to make wine
- Hills located at an elevation of around 250 m above sea level (800 feet)
- Soil: rich in clay and limestone
- Climate: moderate-warm, influenced by the vicinity of both the Alpine Dolomites and the Adriatic Sea
- Biodynamic wines, produced using non-invasive techniques
- Boutique winery: small, high-quality production
- Prosecco Col Fondo: second fermentation in the bottle, no dégorgement, a DOCG with the 2016 vintage
- Hand-crafted wines: from hand-harvesting to bottling using the force of gravity
- Zero Dosage: produced using the Traditional Method.

GIOVANNA TANTINI VINEYARDS ARE LOCATED IN THE PROVINCE OF VERONA, NEAR LAKE GARDA, WHOSE PRESENCE POSITIVELY INFLUENCES THE CLIMATE, MAKING IT PARTICULARLY SUITABLE FOR GRAPE GROWING.

- 19 hectares (47 acres), mostly cultivated with traditional Garganega grapes
- Soil composition: glacial and alluvial deposits, calcareous
- First generation winemakers: family business owned and founded by the winemaker Giovanna
- Fresh and lively wines, alternative grape varieties ideal for by-the-glass consumption
- Giovanna prides herself in her priorities, such as: respect for the territory, valorisation of the grapes, and the wine itself as a result.

LE CONTESSE IS A LEADING
PRODUCER OF PROSECCO AT THE
HEART OF THE PROSECCO DOC
PRODUCTION AREA, IN VAZZOLA,
VENETO.

- A family estate, belonging to the Bonotto family since the early 1970s
- Total production area: 200 hectares (459 acres)
- Climate: moderate-warm, influenced by the vicinity of both the Alpine Dolomites and the Adriatic Sea
- State-of-the-art production technology
- Exclusive single fermentation production method: a single fermentation of the must into sparkling wine. This gives the product greater freshness, a stronger terroir identity and less residual sulphites, resulting in higher quality wines
- Prosecco DOC and Pinot Noir Rosé are a project developed together with Ethica Wines, targeted at the North-American market
- Elegant packaging and great attention to detail.

6. EMILIA ROMAGNA

Villa Di Corlo

VILLA DI CORLO IS A SMALL
PRODUCER OF LAMBRUSCO AND
TRADITIONAL MODENA BALSAMIC
VINEGAR PRODUCER, LOCATED
IN EMILIA-ROMAGNA.

- 25 hectares (60 acres) of vineyards, mostly cultivated with Grasparossa grapes, a thick-skinned, late ripening variety of Lambrusco
- Soil: clay and silty
- Quality Lambrusco producer, modern wines with a lively sparkle, a rich flavour exalted by a good counteracted acidity
- Proud owner of the Cru Corleto, a single vineyard located on a hill at around 320 m above sea level (1050 feet)
- Smooth and vibrant palate with notes of black fruit and distinctive bright acidity
- Lambrusco Corleto pairs wonderfully with the traditional food of Emilia-Romagna (Parmigiano Reggiano, cold-cuts such as Bologna and Crudo di Parma, and Tortellini were all born here!)
- Sustainability in the grape growing and wine-making process: a photovoltaic system provides clean energy for the production.
